

The copy filmed here has been reproduced thanks to the generosity of:

La Bibliothèque de la Ville de Montréal

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La Bibliothèque de la Ville de Montréal

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

It contains 154 portraits and an exhaustive subject and name index.

Dr. Henry J. Morgan has for some years been engaged in gathering and reading material for a new work, the first volume of which is now before the public. The work is called "Types of Canadian Women, Past and Present," and is certainly an admirable achievement, the result of sustained labor, many-aided research, and delicate discrimination. The work forms a valuable addition to the library of the student of national life, but will also be of great interest to the general reader.

RICHARDSON'S WAR OF 1812

With notes and a life of the author. By Alexander
Clark Casselman. 392 pp. Demy 8vo. cloth gilt.
uncl. Toronto 1902. 3.00

The foundation of this history is Major John Richardson's book printed in Brockville, Ont., in 1842, and entitled "A Full and Detailed Narrative of the Operations of the Right Division of the Canadian Army." The original text has been reprinted, and in addition numerous notes and illustrative sketches as foot notes have been added, also a life of Richardson, a genealogy of his family and bibliography of his works, numerous maps, battle plans, portraits and views, and a facsimile letter of Major Richardson's, dated Feb. 6th, 1813, describing the battle of Frenchtown.

"John Richardson, the author of the book now republished by Mr. Casselman, the name of which is best described by the original title as 'containing a full and detailed narrative of the operations of the Right Division of the Canadian Army,' was certainly one of the most prolific and versatile of early native Canadian writers. Besides numerous magazine articles, he was responsible for the production of seven novels, four historical works, and a heroic poem of 100 stanzas entitled 'Tecumseh.' One of these novels, 'Waconia,' which is considered his 'masterpiece' by Mr. Casselman, passed through no less than six editions, and with three others was republished as recently as 1886 by a New York publishing house.

"The work now edited by Mr. Casselman was first published in book form at Brockville in 1842. It was printed in such a slovenly manner that the author declared that he would gladly have burned the entire edition. The editor has corrected the misprints and errors in dates and carefully revised the official documents to which he has added a considerable number of important letters. Among the latter, that written by Richardson himself on the 4th of February, 1813, describing the battle at the River Raisin and now reproduced in facsimile, deserves special mention. Mr. Casselman's life of the author is a noteworthy contribution to the history of Canadian literature and his notes to the text are remarkably accurate, exhibiting great industry and research. The volume is nicely illustrated with maps and portraits, many of which have never been published before."—*E. C. Casselman in Review of Historical Publications Relating to Canada*
